SCIENTIFIC PROGRAMME

PARALLEL SESSION 1 & 2

14:00 Welcome message

Pier Paolo Sileri - Vice Minister of Health

Eugenio Giani - President of Regione Toscana

Antonio D'Urso - General Manager and Director of USL Toscana Sud Est

Antonio Chiantera - President of SIGO

Giovanni Scambia - Chair & Head of Department of Obstetrics and Gynecology, Policlinico Gemelli, Roma

CONFERENCE ROOM 1

SESSION 1 - GYNAECOLOGIST

Introduction - Francesco Catania

14:10 **Keynote Lectures: Cet SLN in gynecologic oncology: current guidelines and future perspectives**

"The expert will discuss the current role of SLN according to international guidelines for gynecological cancers and future perspectives under investigation" - Enrico Vizza

14:25 **Cet the role of SLN in endometrial cancer. Evidences and clinical implications**

"The expert will present clinical evaluation of SLN on the Endometrial Cancer Tumor Staging and practical implications among other pathological and molecular findings" - Floor J. Backes

14:40 **The role of SLN in cervical cancer. Evidence and clinical implications**

"The expert will present clinical evaluation of the SLN on the Cervical Cancer Tumor Staging and practical implications among other pathological and molecular findings" - Francesco Fanfani

14:55 **The role of SLN in vulvar cancer. Evidence and clinical implications**

"The expert will present clinical evaluation of the SLN on the Vulvar Cancer Tumor Staging and practical implications among other pathological and molecular findings" - Sonia Prader

SESSION 2 - THE GYNECOLOGIST PERSPECTIVE

Moderation: Giuseppe Cariti, Gabriele Centini, Alberto Mattei, Emilio Piccione, Fabrizio Signore, Errico Zupi

15:10 **Surgical technique: sampling SLN**

"The expert will expose EBM technique, mapping and operative description of SLN sampling" - Andrea Puppo

15:20 **Developing skills and acquiring proficiency on sampling SLN**

"The expert will discuss the learning curve of the SLN and need of tutoring" - Arnaud Wattiez

15:30 **SLN from EBM to guidelines: a pathway of struggle**

"The expert will discuss the struggle of the practical application of SLN sampling in the Gynecological Oncology Tumor Staging" - Alessandro Buda

15:40 **Tailoring adjuvant therapy in endometrial cancer: the new**

"The expert will expose the indication for the adjuvant therapy on endometrial cancer according to the insights of newest guidelines. Emphasize the future prospective" - Maria Cristina Petrella

SCIENTIFIC PROGRAMME

CONFERENCE ROOM 2

SESSION 1 - SURGICAL PATHOLOGY

Introduction: Felice Arcuri, Maria Rosaria Raspollini, Gian Luigi Taddei

14:10 Pathological findings in endometrial cancer

"The expert will focus on the importance of microscopic pathological findings of endometrial cancer, and relevant aspects to report to Tumor Board" - Daniela Fanni

14:30 Biomarkers in endometrial cancer

"The expert will focus on molecular characterization of endometrial cancer and practical investigation" - Naveena Singh

14:50 Ultrastaging of the SLN: reporting and strategic role in the tumor board

"The expert will focus on EBM and SLN in gynecologic oncology"- Lars Christian Horn

SESSION 2 - THE PATHOLOGIST POINT OF VIEW

Moderation: Andrea Carnevali, Yuri Musizzano, Maria Luisa Palmeri

15:10 Report form of surgical pathology for endometrial cancer: a new era?

"The expert will discuss an overall comprehensive report under pathology of the endometrial cancer standpoint to present at the Tumor Board" - Marta Jaconi

PARALLEL SESSION 1 & 2

16:00 Debriefing:

Clinical standpoint: Key - Points Discussed - Francesco Catania

Pathologist standpoint: Key - Points Discussed - Marta Jaconi

16:10 The Medtronic technology for SLN research Samuele Puccetti

16:15 ROUND TABLE

Coordinator: Giovanni Scambia

Discussant: Andrea Ambrosini Spaltro, Saverio Arena, Floor J. Backes, Luca Bocciolone, Alessandro Buda, Francesca Castiglione, Francesco Fanfani, Daniela Fanni, Lars Christian Horn, Frediano Inzani, Marta Jaconi, Fabio Landoni, Alberto Mattei, Pier Luigi Palazzetti, Alessandro Pancrazzi, Michele Peiretti, Sonia Prader, Andrea Puppo, Enzo Ricciardi, Vanda Salutari, Paolo Scollo, Naveena Singh, Stefano Uccella, Gian Franco Zannoni

16:30 Question time & Conclusions

FACULTY

● GYNAECOLOGIST ■ PATHOLOGIST ✨ ONCOLOGIST ○ BIOLOGIST

- A. Ambrosini Spaltro (Ospedale G.B. Morgagni, Forli)
- F. Arcuri (Azienda Universitaria Senese, Siena)
- S. Arena (Azienda Ospedaliera, Perugia)
- F.J. Backes (Arthur James Cancer Center, Columbus, Ohio - USA)
- L. Boccione (Ospedale San Raffaele, Milano)
- A. Buda (Ospedale San Lazzaro, Alba)
- G. Cariti (Azienda Ospedaliera Universitaria Careggi, Firenze)
- A. Carnevali (Ospedale San Donato, Arezzo)
- F. Castiglione (Azienda Ospedaliera Universitaria Careggi, Firenze)
- F. Catania (Ospedale della Gruccia, Monteverdhi)
- G. Centini (Azienda Universitaria Senese, Siena)
- A. Chiantera (Presidente SIGO)
- F. Fanfani (Policlinico Gemelli, Roma)
- D. Fanni (Azienda Ospedaliera Universitaria, Cagliari)
- L.C. Horn (Uniklinik Leipzig)
- M. Jaconi (Ospedale San Gerardo, Monza)
