

IGM CONGRESS 2022

10th Congress
of the International Society
of Gender Medicine

PADUA,
ITALY
16-17 SEPTEMBER
2022

Dear Colleagues,

We are pleased to announce the 10th International Congress of Gender Medicine organized by the Italian Network on Gender Medicine under the aegis of the International Society of Gender Medicine. The Congress will be held in Padua on 16-17 September 2022.

As a tradition of this scientific meeting, we count on having a considerable number of participants from all over the world. The Congress aims to provide a valuable update on the most topical issues in the field of Gender - Specific Medicine thanks to the contribution of the greatest international scientific personalities, in different fields of investigation: from basic to clinical sciences, from innovative biomedical approaches to pharmaco-economics, appropriateness and sustainability.

We look forward to welcoming you in Padua in September 2022!
