

Family Medicine Opportunities in the United Kingdom

On behalf of our client, a leading provider of primary care services in the **United Kingdom** we are searching for experienced **Family Medicine Doctors (GP's)** to work in private clinics across the country.

This is a permanent position paid **£56,000 per year** pro rata during the first six months and after that **£80,000 per year** pro rata together with a contribution to a pension. You will also be provided with **£5,000** for relocation if required and you will get a close assistance in the relocation process.

In order to qualify for the programme you need to meet the following criteria:

- completed specialist training in Family Medicine or being in the final year
- very good command of English
- ability to relocate in the next 3-12 months

If you are interested in any of the above opportunity please send us your CV at:

gpitaly@lionrec.com

You can travel the world with **Lion Recruitment**.
